

Child & Family Consultants, Inc.

Social Skills Group Ages 9-11

Boy's ages 9 to 11 with a diagnosis of **Asperger's Syndrome** or **ADHD**.

The group will focus on 3 aspects of social competence for ages 9 to 11:

1. Social conversation and inter-personal behavior
2. Self-regulation and problem solving skills
3. Emotional factors such as self esteem, motivation and family dynamics.

\$35 per session

Medicaid, insurance and private pay will be accepted for this group.

This group will be limited to **6 members** and run for 8 weeks starting the **first week** of June; we encourage you to reserve your spot. Days and times are to be announced. The majority of the group will take place in the Melbourne Community. Potential activities include: bowling, rock climbing, exercise trail, billiards, and restaurants.

Please contact Child & Family Consultants, Inc for any other information regarding this group.
